O = Same as Intro and Verse

The rough outline of the song goes like this.

I V R I V R (key change to G during Elsa interlude) V R O

To simplify this, I removed the Elsa interlude. Also, it's easiest just to repeat the lyrics of the first refrain for each subsequent refrain. I also removed the verse tag which is for a chorus. The outro is optional.

Verse

Yes, the wind blows a little bit colder  
And we're all getting older  
And the clouds are moving on with every Autumn breeze

Peter Pumpkin just became fertilizer  
And my leaf's a little sadder and wiser  
That's why I rely on certain certainties

Refrain

Yes, some things never change  
Like the feel of your hand in mine  
Some things stay the same  
Like how we get along just fine  
Like an old stone wall that will never fall  
Some things are always true  
Some things never change  
Like how I'm holding on tight to you

Verse

The leaves are already falling  
Sven, it feels like the future is calling  
Are you telling me tonight you're gonna get down on one knee?

Yep, but I'm really bad at planning these things out  
Like candlelight and the pulling of rings out  
Maybe you should leave all the romantic stuff to me

Refrain

Yeah, some things never change  
Like the love that I feel for her

Some things stay the same  
Like how reindeer's are easier  
But if I commit and I go for it  
I'll know what to say and do, right?  
Some things never change  
Sven, the pressure is all on you

Elsa interlude

~~The winds are restless, could that be why I'm hearing this call?  
Is something coming? I'm not sure I want things to change at all  
These days are precious, can't let them slip away  
I can't freeze this moment, but I can still go out and seize this day~~

Verse

The wind blows a little bit colder  
And you all look a little bit older  
It's time to count our blessings beneath an Autumn sky

We'll always live in the kingdom of plenty  
That stands for the good of the many  
And I promise you the flag of Arendelle will always fly

Verse tag

~~Our flag will always fly  
Our flag will always fly  
Our flag will always fly~~

Refrain

Some things never change  
Turn around in the time that's flown  
Some things stay the same  
Though the future remains unknown  
May our good luck rest, may our past be past  
Time's moving fast, it's true  
Some things never change  
And I'm holding on tight to you

Outro

~~Holding on tight to you  
Holding on tight to you  
Holding on tight to you  
I'm holding on tight to you~~
